

CAPTURE THE FLAG

How 3L33T Are You?

Unleash your elite cyber skills at our upcoming in-person-only CTF extravaganza. Hack your way through our custom-made HackMe box while answering questions on a variety of cybersecurity topics. This event is tailor-made for passionate pen testers like you!

Can you get root?

Fly solo or join forces with up to three allies. You may bring a team or show up and make some friends. Max team size of four.

Kali Linux is recommended for this event.
